

PROGRAMS FOR THE GIFTED AND TALENTED

The Board of Education encourages educational programs which challenge and promote the realization of individual potential in all students. The Board also recognizes that further efforts are necessary to extend educationally and in a cost-effective manner the allocation of resources towards appropriate programs for students identified as gifted and talented. Consistent with district efforts to develop a continuum of learning experiences which addresses the special gifts and talents of students, the Superintendent of Schools, with input from appropriate school personnel, will develop a district plan for education of the gifted and talented.

The Board believes that programs traditionally viewed as for the gifted and talented greatly benefit the entire school program and encourages programs that provide enrichment opportunities for all students. The Board also recognizes the value of community support for program success and encourages the use of community resources for special programs and periodic reporting of activities through the district newsletter.
