

## **SUMMER SCHOOL**

The Board of Education will consider offering courses in summer school locally when there is expected to be sufficient enrollment from resident students. When summer school courses are not offered within the district, the Board encourages students to attend summer school classes outside the district. However, the expense of such attendance shall be borne by the student.

The Board will provide for programs for students with disabilities consistent with the recommendations of the Committee on Special Education.

Adoption date: June 4, 2002

Effective: July 1, 2002
