

ADMISSION OF NON-RESIDENT STUDENTS

The Board of Education affirms that its primary responsibility is to provide the best possible educational opportunities for the children who are legal district residents and who are of legal age to attend school.

However, a non-resident student may be admitted to district schools upon payment to the district of the Board-adopted tuition charge, if and only if, in the judgment of the Superintendent of Schools:

1. there is sufficient space to accommodate the non-resident student;
2. no increase in the size of faculty or staff will be necessary to accommodate them;
3. the non-resident student meets the district's criteria for admission; and
4. the admission of such non-resident student is and continues during the enrollment period to be in the best interests of the district.

The Superintendent may, on a case by case basis waive the tuition payment in the case of a high school Senior wishing to complete his/her education in the district.

Transportation

The school district is not responsible for the transportation of students who reside outside the school district.
