

BUDGET IMPLEMENTATION

The administration of the annual budget is an executive function which is the responsibility of the Superintendent of Schools and the administrative staff. Under the direction and control of the Superintendent, funds may be expended within budgetary appropriations without prior approval from the Board of Education. The Board endorses the use of standard supply lists in the preparation of the budget and in the securing of bids for purchase.

All provisions of Commissioner's Regulations shall be followed in implementing the district's budget.

The Superintendent shall present budget status reports to the Board on a quarterly basis.
