

Dear Parents and Guardians,

The 2023-2024 school year is just around the corner! My name is Michael Logan, and I will be teaching 4th grade English language arts (ELA), social studies, and science for the year in room 150. Ms. Rudd will be teaching math for our class. In ELA, we will read many fantastic books, and we will work on strengthening our reading and writing skills. For social studies, we will explore the history/government of New York State, Native Americans, Colonial America, and events leading to the Revolutionary War. Science has a ton of interesting topics, such as our changing earth, animals using their senses to communicate, energy, motion, and more!

I have been a teacher in the honorable Chittenango Central School District for many years now. As a 5th grade teacher, a 6th grade teacher, and a 4th grade teacher in previous years, I have a very good sense of not only the expectations for fourth grade but what the years following fourth grade will look like as well. Thus, through working hard together in a positive and helpful way we can ensure success for not only fourth grade but the years that follow. For those who have worked with me in the past and those who will be working with me for the first time, I truly look forward to a positive and rewarding year. I strive to keep communication professional and open with all parents and guardians throughout the year. Please do not hesitate to contact me with any questions, concerns, or a friendly hello! Thank you for all that you do as parents and guardians, and I look forward to talking with you all soon.

Below you will find a list of supplies that you will need for school. If supplies can't be present on the first day of school, please do not worry.

Sincerely,
Michael Logan
4th Grade Teacher
