

June 2023

Dear Fourth Grader,

Welcome to Fourth Grade! My name is Mrs. Sammon and I am looking forward to being your teacher in September. I hope that you will enjoy a nice summer with your family and friends and will be ready to come to school and learn the exciting new things planned for you. We will have a lot of fun in math as we learn the skills necessary to be super mathematicians. We will read a lot of fantastic books and work on developing and strengthening our reading and writing skills. In science, we will learn about some interesting topics such as electricity, simple machines, rocks and minerals, plant life cycles, and much more! We will also be learning about the history of New York State and the local history of Chittenango. I will be your teacher for language arts and math, while Mrs. Terchowicz will teach social studies and science. It's going to be great!

Next year I will have two important goals for you - that you feel good about learning and that you feel good about yourself. Our classroom will be a comfortable place where we will enjoy working together and challenging ourselves to be the best that we can be. I think that you will be proud of what you can do when you work hard.

Soon it will be the first day of school, and I will be waiting for you at our classroom door. I look forward to seeing you soon! Enjoy the summer.

Below you will find a list of supplies that you will need for school.

Sincerely,

Mrs. Sammon

- * ¼ inch 3 ring binder
- * 1 soft, zippered pencil case
- * 2 heavyweight pocket folders
- * 2 boxes of tissues
